

Ardsley SAYF Coalition Meeting Minutes
July 23, 2019
Conducted via e-mail

1. Approval of minutes from June 19th, 2019
2. Funding for Mega Lung or Mega Body: Majority of the coalition members voted were in favor of the Mega Body and not the Mega Lungs.

We will contract with Mega Exhibits and have them in the school for red ribbon week, the week of October 21st. Once again we will have access to the gym and the gym teachers for all gym periods. Theresa Del Grosso and Tony Vacca will also be available for the event.

3. Youth to Youth Summer Conference: We have 6 students attending the conference, 3 from the high school and 3 from the middle school.
4. Volunteers to sell Raffle tickets: Tony and I, as Village employees, are not allowed to fundraise for the coalition. Rina and Lily volunteered to sell our raffle tickets. We received approval from the Village, DeCicco's and HMH Management to do so.
5. Rivertowns Enterprise Advertising Status: We were instructed to focus on marijuana and e-cigarettes facts, and stay away from states that have legalized marijuana. Our advertisements were going to talk about statistics from states that have legalized marijuana. Was informed by our graphic designer that we are not the only community in NYS that she works with who are struggling with this issue. Rina and I will work on changes to the advertisement wording and will provide the draft for approval and feedback.
6. Volunteer Recruitment: We are in need of new volunteers. I have reached out to community members without success. Please think of your friends and neighbors who may be interested in volunteering especially if they fall into the medical, religious, or business sector with children in the school district.

Next Meeting Date to Be Announced in September
